

What is happening to our democratic society? Media Consolidation is killing it! I OBJECT to the Sinclair Broadcasting's decision to show Stolen Honor, the most obviously biased situation I've ever witnessed!

Although Sinclair is obligated by law to serve our public interest, they are not doing so with the showing of this film. This is a major example of the media's lack of integrity. Please do not show this film or, at the very least, to be fair, show the movie Going UpRiver soon thereafter, definitely before November 2. Thank you very much.
